

Father God,

We know that every so often we're going to experience a "bad hair" day. On those days when we're feeling off, we pray that we remember to look inward for Your guidance and to scripture for enlightenment and encouragement. Let us always remember, Lord, that our strength comes from You and is found in our hearts not our hair. Remind us Father, that while You've gifted us with our earthly forms and the responsibility to care for them, our appearance should never be influenced by what other think. Let us be ever thankful for who we are because You created us to be uniquely us.

In Jesus' Name we pray,

Amen
