

Father God,

Thank you for taking on the worries of the world; for taking on the worries each of us is burdened with. As we present our prayer bundles, we acknowledge that You are relieving us of the load that is weighing us down. We pray, Lord, that through careful discernment, we will learn the lesson to be gained through this worry and use it to move us closer to You. With grateful hearts, we thank you Lord, that we can turn to You for the true answers. Help each of us Lord, to look first to You with our bundles ready.

In Jesus' Name we pray,

Amen
