

# *Father God,*

Today, we want to thank You for the fence You've provided us. A perch that gives us the opportunity to bring our questions, dilemmas, and problems to You. In our difficult times, the fence allows us a place of calm reflection and comfort knowing that You are listening and guiding us. Thank You Lord, for always waiting on us as we ponder our fence-sitting issues and for reminding us that with the same patience, Your plans for us will be fulfilled.

In Jesus' Name we pray,

# *Amen*
